

# Animals have needs too!

What are a cow's specific needs?

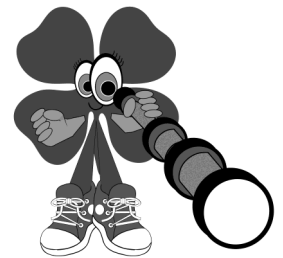

**Words to know...**

- Parasite
- Shelter
- Socialization
- Rabies
- Vaccination
- Ventilation
- Veterinarian

What are a dog's specific needs?

**Career Exploration**

- Name a career that deals with animals:
- What do people with this job actually do?
- What skills are required?

**If you like animals, then next year you will want to check out all of the exciting animal projects that 4-H has to offer!**

- |                   |         |                    |
|-------------------|---------|--------------------|
| Beef              | Goat    | Sheep              |
| Companion Animals | Horse   | Swine              |
| Dairy             | Poultry | Veterinary Science |

# Digging Deeper ...

Imagine if you could have any pet or animal as your own!

**My pet's name is**

---

**My pet is a**

---

**My pet eats**

---

*(Learn what is in your pet's food by reading the label on their food.)*

**The amount of time I spend caring for my pet each day is**

---

**My pet's age is**

---

**My pet's weight is**

---

**My pet needs shots from a vet to protect it from such diseases as** *(call an animal hospital to find out):*

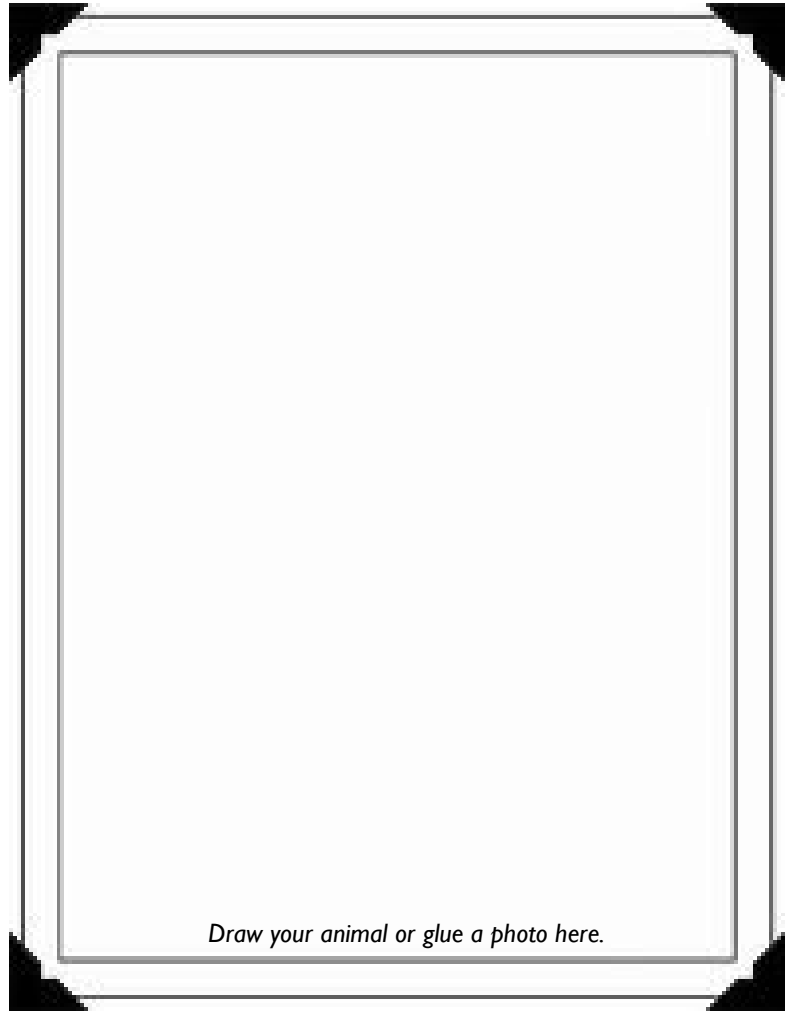

---

---

---

---

---

*Draw your animal or glue a photo here.*

*Look up your kind of pet on the Internet or in a book.*

*Write some facts you learned from your reading:*
